

Hackney Road Sculpture Prize

£1000
cash prize

Competition

The Hackney Road Sculpture Prize is an exciting competition to find a new and unique sculpture which will be included in regeneration plans for the Hackney Road. The sculpture will be placed in the heart of a new mixed-use development, providing over 1,000 new local jobs and over 200 new local homes. Leading London developer Regal Homes are keen for the new public realm to be inspiring and reflect this vibrant area's creativity. Competition entries must reflect the theme of 'Regeneration' and be suitable for display in an outside courtyard and able to withstand the weather.

Prize

The winning artist will see their work made and exhibited by Regal Homes on the site of the new development. The winning artist will also receive a cash prize of £1,000. The piece of work must therefore be site specific, reflect the theme of regeneration and be unique and original.

Application

Entrants will need to submit a sketch or model of their design and complete our competition entry form including a short biography (300 words max) about themselves, their work and their inspiration for this piece. Entry forms are available to download from.

Regal Homes have been building high quality homes in the London market since 1998, earning a reputation as a leading London developer. The company has completed over 1,000 residential units, all of which have a hallmark of quality. To ensure quality, Regal Homes build their own projects, giving them control over all stages of the construction process. Each project is meticulously managed from start to finish by an in-house team. Regal Homes only build in London and developments are situated in regeneration areas near transportation hubs where the design and quality developments brings benefit to the community.
